

Charity Zip-Wire event

On Saturday 11th June, River Crescent Development supported Marie Curie Cancer Care repeat the successful River Trent Zip Wire fundraising event for a second year running.

Nearly 100 participants took to the heights and zipped 220 metres over the River Trent aiming to raise a fantastic £20,000 for the local nursing service.

It was a brilliant day enjoyed by both participants and spectators and Marie Curie would like to thank the residents of River Crescent for their support and patience.
